📍 **IdeaSquare at CERN**
Route de Meyrin 385, 1217 Meyrin, Switzerland

*** Registration must be made on the following link: http://ckatalyzen.com/responsive-city-camp-genial-cern
(https://l.facebook.com/l.php?u=http%3A%2F%2Fckatalyzen.com%2Fresponsive-city-camp-genial-
cern&h=ATO8Hnj0SwaRAcpZcIj6jf44qtIBd3UXpgnDAvr_SAv1lyu26qj_F-O0ZCBk0qN1TS8f-
DxWUKjSjo1u9hQUnklIZdF1x_pMHHe4Z4C546NVJ-bPB9Q&s=1)
Space is limited to sixty people, thank you to register that if you are sure to come (you also have the possibility to
register only for the morning or the afternoon) ***

After the success of last year's Barcamp at CERN, we are pleased to invite you to the new edition will take place on
June 27th.

We are looking forward to counting you among the participants in various profiles: scientists and CERN openlab
team (https://openlab.cern (https://l.facebook.com/l.php?
u=https%3A%2F%2Fopenlab.cern%2F&h=ATME0E21ZOy6AS6US4eDp6OZVmI46vgOGHdgQtbOluAD91--
JlVuHiXoVM9gvP__4Zx9c_0qMb3NYzaDMFBtQshr3556D_FrTct8TwK_LGyaQpCVXMY&s=1)), Genève Lab team of
the State of Geneva, SCImPULSE foundation (http://scimpulse.org (https://l.facebook.com/l.php?
u=http%3A%2F%2Fscimpulse.org%2F&h=ATNm935dACzPIvOJlo-HFj5Jxybbd-zUaUW4VT-jtDxPBQ3_elu3rPcaTju-
7yI2YuHPY-rMJm93kD348a27_efgbvjEFvcnDLaphj5WrZmINfvljQI&s=1)), citizens, teacher-researchers (University
of Geneva, EPFL etc.), architects, urban planners, as well as people from different public services and
administrations such as the City of Geneva and the Canton of Geneva.
In the tradition of Responsive City Camp, the topics of the sessions will be determined together on the day of the
meeting and the general theme will be Smart City.

This day is part of the "innovation agenda for social sustainability for the Canton of Geneva", and we propose to
choose together workshop topics related to the GEnIAl project (http://ckatalyzen.com/genial
(https://l.facebook.com/l.php?
u=http%3A%2F%2Fckatalyzen.com%2Fgenial&h=ATOBASR3Ag1Cbv6dodZ87BRudDWxZnwVuQXpa_WrzOQ8AZU25CNfmn29oU6WxvoOwowdKmGA
CfNM7lDe97c&s=1)) .

GEnIAl is a project whose foundations have been "co-designed" by Ckatalyzen and the Genève Lab team of the
State of Geneva during Lift Lab 2017 (see the report of these 3 days of workshop: http: /
/ckatalyzen.com/genial/liftlab17 (https://l.facebook.com/l.php?
u=http%3A%2F%2Fckatalyzen.com%2Fgenial%2Fliftlab17&h=ATPaCK8EqS7B6SJkQItT0S8cUEb6AsSh6YVd2p3icckuxeOApu8gE4ANQb5RXNrdLX5rM
Rrsr5gSrln2zuI02dOlpgktPX4&s=1)).

As a non-profit and public utility initiative, GEnIAl aims to set up a platform using conversational interfaces and artificial intelligence to enable people living in the Geneva area to live better in their city.

GEnIAl promotes numerous explorations related to social, cultural, artistic and technological innovation, which announces many and varied topics for sessions.

For example, here are some ideas of sessions that we could imagine, in addition to more technical topics directly related to conversational interfaces (machine learning, natural language processing, voice assistants, chatbots, UX / UI etc.):

How to reconcile the use of personal data (necessary so that GEnIAl can contextualize its answers and offer the best user experience) with the best practices in respect of privacy?
How to imagine a business model to sustain such a service by remaining in the "non-profit and public utility"?
How such a project can accelerate the dynamics open data?
How to propose a framework that will facilitate collaboration and transversality between the different administrations, public services and semi-public actors (see private) whose data will be used in the context of GEnIAl?
How to imagine interfaces between text and voice and who will offer the best user experience to all inhabitants of the territory, all ages and taking into account the demographic and cultural variety of the canton?
In addition to these sessions in the form of round tables, we will propose demos and exchanges around the prototypes that we will have available.
